

Elkem Silicones at a Glance

<p>Elkem Silicones</p>	<p>Elkem Silicones was established in 2017 through the integration of Bluestar Silicones and its upstream sister entity (New Chemicals Materials Division of Bluestar Group) in Xinghuo, China, to form Elkem Silicones, a division of Elkem AS.</p> <p>The creation of Elkem Silicones marks the full integration of our complete silicon value chain from silicon metal (Elkem Silicon) to downstream application specialties (Elkem Silicones). The silicones division operates two upstream silicone manufacturing sites, one in Asia and one in Europe, eight downstream silicone manufacturing facilities and 10 R&D facilities worldwide. Elkem Silicones employs 3,000 people around the world.</p> <p>The legal entity for Elkem Silicones in the U.S. is Elkem Silicones USA Corp. and in Canada, Elkem Silicones Canada Corp.</p>	
<p>Elkem AS</p>	<p>Based in Oslo, Norway, Elkem AS is one of the world’s leading companies for environmentally responsible production of materials and has sales of \$1.8 billion. Its principal products are silicon, silicones, ferrosilicon, foundry alloys, carbon materials and microsilica. Elkem has four business areas and employ 6,200 people. www.elkem.com</p>	
<p>Why Elkem Silicones?</p>	<p style="text-align: center;"><i>Providing Silicone Solutions with a Personal Touch to Deliver Your Potential.</i></p> <p>Elkem Silicones differentiates itself through investments in solutions for our customers, expanding capacity in line with market growth and providing the infrastructure to support our customers with a personal touch to help you <i>Deliver Your Potential</i>.</p>	
<p>Silicone Technologies</p>	<p>Elkem Silicones offers a full range of silicone technologies, including:</p> <ul style="list-style-type: none"> • Liquid Silicone Rubber (LSR) • Heat Cured Rubber (HCR) • Room Temperature Vulcanized (RTV) Rubber • Gels • Greases & Compounds • Adhesives • Emulsions • Foam Control Additives • Functionalized Fluids and Resins • UV/EB and Thermal Cure Release Coatings 	
<p>Markets of Focus</p>	<p>Elkem Silicones supports a diverse range of specialty markets with its silicone technologies and customized solutions, including:</p> <ul style="list-style-type: none"> <li style="width: 25%;">• Appliance <li style="width: 25%;">• Construction <li style="width: 25%;">• Oil and Gas <li style="width: 25%;">• Pulp & Paper <li style="width: 25%;">• Aerospace <li style="width: 25%;">• Healthcare <li style="width: 25%;">• Paper Release <li style="width: 25%;">• Rubber Fabrication <li style="width: 25%;">• Automotive <li style="width: 25%;">• Moldmaking <li style="width: 25%;">• Personal care <li style="width: 25%;">• Solar <li style="width: 25%;">• Textile Coating
